

WAITRO Session at G-STIC Rio & TLC 2023

In the first newsletter of the year, we bring two exciting news that you won't want to miss: The WAITRO Session at the G-STIC Conference in Rio de Janeiro and The Liveability Challenge 2023, with over S\$2 million in project funding.

Hybrid WAITRO Session at G-STIC Conference Rio

We are excited to announce that the [6th G-STIC Conference](#), taking place in Rio de Janeiro and online on February 13-15, 2023, will host a WAITRO Session on SDG 17: Global Partnerships for Sustainable Development Goals on February 14 at 20:30 CET.

During this session the speakers will discuss the main obstacles to implementing SDG 17 and how we can overcome them. They will also look at the key trends in research collaboration for sustainable development and the role played by public-private partnership in achieving the SDGs.

Featured Speakers

Paul Burrows
Vice President Overseas Cooperation at [Jiangsu Industrial Technology Research Institute \(JITRI\)](#)

Sergio Ibáñez
New Markets Director, [Leitat Technological Center](#)

Jaime Arboleda
Deputy Director at Centro de [Ciencia y Tecnología de Antioquia \(CTA\)](#)

H.E. Manuel Heitor
Professor at [University of Lisbon](#)

Carlos Henrique de Brito Cruz
Vice President Research Networks, [Elsevier](#)

Alessandro Rizzato
Director of the Institute for Bioeconomy, [Serviço Nacional de Aprendizagem Industrial \(SENAI\)](#)

Don't miss this great opportunity to learn and engage with leading experts in the field.

Registration is free and open to all!

The Liveability Challenge 2023

We would like to remind you about [The Liveability Challenge \(TLC\)](#), Asia's biggest prize for sustainability solutions. Over S\$2 million in project funding and investment prizes up for grabs.

The theme of this year's challenge is centered around Climate Change and Food & Nutrition. If you have a disruptive and groundbreaking solution that has the potential to remove carbon emissions at scale, restore and regenerate coastal and marine ecosystems, or establish a circular, net-zero urban food system, we encourage you to submit your proposal by March 31.

Don't miss this chance to take action and make a real difference in the world. Submit your solution today!
